[VIEW SOURCE](#)

This fan-fiction article, **Venusberg**, was written by [Witcher190](#). Please do not edit this fiction without the writer's permission.

Venusberg is one of the many spheres that collided with [The World](#) during the [Conjunction of the Spheres](#). This world, shares some aspects with [Tir na nÓg](#). It is theorised that it could also be connected with other worlds, like [Earth](#), and [Neo - Earth](#). While scholars, espec  those outside of mainstream thinking, theorise that it could be a gateway to the [Megaverse](#).

It is said that this world is ruled by one of the few survivors of the [Grigori faction](#) of the [Olympians](#), Venus, also known as Aphrodite, which seduces lost beings simply because of boredom.

Geography

The geography of this world is unknown, there has been no attempt to map it, by those who have gone astray. The climate is mild, similar to that of the northern Nilfgaardian provinces. There is a great mountain, which is where a palace can be found and Venus lives.

Theories about its connection to the Megaverse

This theory was put forward on the basis of alleged witnesses, who said that they were in

this world. This one says that during their stay, they were able to reach a world inhabited by beings similar to the Fey, from which they were able to come out and see that it was linked to another world, where the mages did not follow rules similar to those of other worlds, but tried to find "the essence" of things, in order to make magic. Which would break the theorised rules of the Multiverse, and give way to the Megaverse. This would also confirm that Conjunction is an event of many multiverses, not just one.

Trivia

- This world is based on [Venusberg](#) from the mythology.
- The connection to the Megaverse is a reference to the [Fae from Kingkiller Chronicles](#), as an easter egg, not a crossover. If you're going to develop that, check the [Tir na nÓg](#) first and make something original.
